

Flasher Equipment Company

A PIONEER IN THE TRAFFIC CONTROL AND PAVEMENT MARKING INDUSTRY IN TEXAS SINCE 1956.

We have been proud to be the largest and oldest locally owned and operated barricade and striping company in Texas.

10 Reasons

Why You Should Make Flasher Equipment Your Barricade and Striping Company

1. Locally owned and operated for over 45 years
2. Over 200 years of combined experience in the traffic control industry
3. Certified Traffic Control Supervisors and Technicians
4. Certified Pavement Marking Supervisors and Technicians
5. Drug Free Work Force
6. Radio Dispatched delivery to meet your safety needs 24 hours a day
7. Latest state of the art equipment
8. Proving our dedication to the industry by being active members of the Associated General Contractors (AGC) and the American Traffic Safety Services Association (ATSSA)
9. Providing a full line of NCHRP-350 compliant products
10. Making it our business to keep work zone areas safe for the motorist, pedestrian, and worker

Our Mission Statement

We aspire to provide the highest level of excellence in our products and services by utilizing the latest in traffic control and pavement marking technology. Our goal is to meet or exceed our customer's expectations everyday, while providing the safest working environment possible for our employees.

Traffic control

We carry a complete line of Traffic Control Devices for both subcontract and rental situations. Our equipment is both TXDOT approved and fully NCHRP-350 compliant. We have certified traffic control technicians that are thoroughly trained in the latest temporary traffic control principals and are fully insured. Flasher Equipment Company's Traffic Control Division is the place to come for all your traffic control needs including interchangeable message boards, arrowboards, and truck mounted attenuators.

Striping & pavement marking

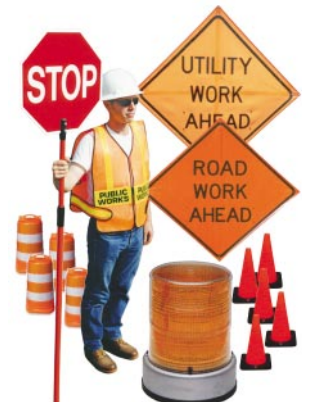

We are a full line striping and pavement marking contractor specializing in street, highway, and airport projects. We utilize the latest in technology and state of the art equipment to provide a quality product at a competitive price. We specialize in the application of paint, thermoplastic, pre-formed tape, raised pavement markers, ceramic markers, and a complete line of delineation products to meet your specific needs.

Sales

Our sales division stocks a full line of safety equipment and signage which can be picked up at our convenient warehouse location or we can deliver right to your job site! A partial list of items we supply include:

- Barricades Type I, II, and III
- Roll-Up Signs and Stands
- Delineators and Tubular Markers
- Traffic Cones
- Strobe lights
- WorkZone, Parking Lot, and Custom Signs
- Safety Vests
- Pavement Markings
- Channelizing Devices
- Metal Sign Posts
- And much more!
